If a certified sponsor completes a technical review in accordance with Standards Rule 3 with the trainee assisting in at least 50% of the work, the trainee may receive credit as stated above.
 - ii. No more than seventy-five percent (75%) of the total experience awarded can be derived from technical review. The remaining twenty-five percent (25%) must be actual appraisals.
 - iii. A "technical review" includes inspecting the property appraised, verifying the data, and checking calculations.
4. Mass Appraisals:
 - i. Experience credit is granted to appraisers who demonstrate that they use techniques to value properties similar to those used by appraisers practicing under Uniform Standards of Professional Appraisal Practice Standard One and effectively use the appraisal process as referenced in the Guidelines of Standard Six of USPAP.
